Victor Kean

Freelance Software Developer

Nairobi, Kenya

Summary

I am an experienced Full Stack developer with a demonstrated history of working in the telecoms business. I am proficient in laravel, C, JavaScript, Java, Python, and PHP (Programming Language). Strong engineering professional who graduated from Nairobi University with a Bachelor of Science degree in Software Engineering.

In addition, I am an expert android developer with substantial experience in designing and implementing applications built from the ground up. I have experience working on delivery, ride-hailing, online shopping, and music applications.

I am a highly motivated and dynamic individual with a flair for meeting deadlines. I believe that open and frequent communication with both customers and other stakeholders is essential.

Experience with Laravel, Node.js, Angular, HTML, CSS, SASS, React.js, and jQuery; Amazon Web Services (AWS), Google Cloud Platform (GCP), Heroku, Jenkins, Docker, and Kubernetes;
